

DR. SARA'S TOP TIPS

- UNDERSTANDING THE PARTICULARLY CHALLENGING PARTS OF A SCHOOL DAY FOR A CHILD WITH AUTISM -

AN ONLINE DOCUMENT FOR PARENTS AND TEACHERS

I need this if:

I want to understand more about my child or student's school experience.

This can help if:

Challenges in the classroom, Challenges finding their way around, Sensory issues & Challenges engaging with others

Why is this useful:

This resource was designed by architects who want to create an inclusive environment for all members of society. It considers students' challenges as a reaction to their physical environment.

Suggestion for how to use this:

It is designed to provide information to parents and teachers rather than the child themselves. It is a very useful resource for educators working in schools that are planning the creation of a new autism-specific space.

HOW TO ACCESS THIS RESOURCE:

The online document 'Aldo goes to Primary School: Experiencing Primary School through the lens of the autistic spectrum' is free to access and can be found here:
